Motion by Michael S. Troyan seconded by Patrick J. Cavanagh to approve the minutes of the Regular Meeting of the Board of Trustees held on May 2, 2022. VOTE: Troyan, yes; Cavanagh, yes; McCune, yes. The motion passed.

GUESTS:

Ashley Karlen, Charter Communications Manager of Government Affairs, (aka Spectrum) addressed the Board and reviewed Spectrum's current service area and areas for potential service opportunity in our township.

The Federal Communications Commission's Rural Digital Opportunity Fund (RDOF) broadband initiative will provide \$20.4 billion in funding over a ten-year period to support the construction of broadband networks in rural communities across the country. Ms. Karlen explained a south east portion of Auburn Township qualifies for RDOF funding. Charter has already won the bid to service this qualifying area and would be using RDPF monies to fund the build out. They are looking to start the build out of proposed new infrastructure by the end of this year.

Discussion ensued regarding current services and residents lack of satisfaction with the current services. Ms. Karlen will keep us aware of build out schedule.

Matthew Stevenhagen, CMO & Sean Matthew O'Brien, Founder & CEO of Proper Access Co. gave a historical background of their company. They are a private Wi-Fi and internet company that could help solve Auburn Township's broadband problems. They would like to do a more detailed site survey and submit proposal for internet service in Auburn Township. They use 24 & 60 ghz band to deliver internet wirelessly, like cell services. Proper Access would erect broadcast towers in Auburn giving residents access to different service providers through their towers. They would be offering approximate 2gig bandwidth at approximately \$99.00 per month.

SERVICE ALERT - IMPORTANT INFORMATION REGARDING YOUR SYSTEM

Dear Valued Gillmore Customer:

We are writing to let you know that Verizon and AT&T have announced they are going to discontinue their 3G/Non-LTE wireless service in the coming months to deliver faster and more efficient service to their customers. While technological advances are necessary, this impacts your alarm system as it currently utilizes 3G/Non-LTE service to send alarm signals from your business to our monitoring center.

To maintain continuous and uninterrupted monitoring, your cellular communicator will need to be replaced. *If you do not upgrade your cellular communicator from 3G/Non-LTE, your system will eventually not be able to transmit alarm signals to the Gillmore Security Command Center.* Our highly trained, professional team will make this convenient and seamless for you. We have made three options available to minimize the impact on you and protect you in the event the cellular network provider does this again.

OPTION 1: FUTURE PROOF - PLAN A

- For \$20.00 per month, we will cover the replacement of your current 3G/Non-LTE cellular communicator along with any future cellular communicators at no additional charge.

OPTION 2: FUTURE PROOF - PLAN B

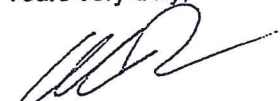

- For a one-time payment of \$295 and \$10.00 per month, we will cover the replacement of your current 3G/Non-LTE cellular communicator along with any future cellular communicators at no additional charge.

OPTION 3: ONE-TIME

- For a one-time payment of \$495, we will install a new communicator. This is a one-time fee and does not include any future cellular communicators.

Please contact our sunset support team at 440-232-1000 or sunset@gillmoresecurity.com to let us know which option you prefer.

Yours very truly,

Alan H. Gillmore IV
President
